

# The Enneagram Personality Test

RESULTS FOR LI LEI

2,118 customer reviews

## What is the Enneagram?

---

The Enneagram is a personality system that aims to reveal how emotions drive our lives and how we engage with others in an effort to get what we want and need. The Enneagram defines **nine personality types**, each with its own set of strengths, weaknesses, and opportunities for personal growth.

Your Enneagram type reveals what motivates you on a very deep level, and illuminates the path you must take to achieve a higher level of self-actualization.

## Your Enneagram Scores

---

The graph below shows how you scored for each of the 9 types of the Enneagram. In this graph, the area of each section indicates your score, with larger sections being a better match for your personality.

## Your Type in Depth

---

Your primary type is **Six**. In this section, we'll dive deep into the Six profile to understand how it drives your core emotions, fears, and desires, as well as how it impacts you in relationships and at work.

## In a Nutshell

Sixes are defined by a deep uncertainty and mistrust of the world. These uncertainties are often difficult for Sixes to understand and describe, and they might give up on any attempt to verbalize them and instead succumb to worries. Some might call the Six neurotic, and there's certainly a propensity towards anxiety and self-doubt.

How the Six responds to anxiety is interesting, and people of this Enneagram type can be broken into two attitudes. While both attitudes can be found in the same individual, most Sixes have a dominant style.

**Unlock your full report to learn how to overcome doubt and find the confidence to make the right choices for you.**

Your full report answers your deepest questions, like...

How can I overcome my doubt and anxiety so I can move forward with certainty?

How can I let go of perfectionism and become more productive?

How can I relate better to others and learn to be more trusting?

How can I stop worrying about security and learn to live in the moment?

What can I do to become more self-disciplined and strengthen my personal willpower?

## The 9 Types of the Enneagram

---

Each of the nine types of the Enneagram has its own driving force, which is centered around a particular emotion. Some types experience strong emotions, while other types aim to avoid emotions in one form or another. However, whether running from emotions or diving into them, each type describes some aspect of emotional experience.

Here, we'll look at a brief description of each of the nine types, as well as your scores for each of them.

### Two

60% MATCH

Type 2 can be described as The Giver. Twos want to be liked and find ways that they can be helpful to others so that they can be loved and belong.

### Three

61% MATCH

Type 3 is also known as The Achiever. Threes want to be successful and admired by other people, and are very conscious of their public image.

## Four

66% MATCH

Type 4 is known as The Individualist. Fours want to be unique and to live life authentically, and are highly attuned to their emotional experience.

## Five

82% MATCH

Type 5 is described as The Investigator. Fives seek understanding and knowledge, and are more comfortable with data than people.

## Six

98% MATCH

Type 6 is also known as The Skeptic. Sixes are preoccupied with security, seek safety, and like to be prepared for problems.

## Seven

46% MATCH

Type 7 is described as The Enthusiast. Sevens want to have as much fun and adventure as possible and are easily bored.

## Eight

67% MATCH

Type 8 is also known as The Challenger. Eights see themselves as strong and powerful and seek to stand up for what they believe in.

## Nine

64% MATCH

Type 9 is also called The Peacemaker. Nines like to keep a low profile and let the people around them set the agenda.

# One

89% MATCH

Type 1 can be thought of as The Perfectionist. Ones place a lot of emphasis on following the rules and doing things correctly.

## What Makes You Unique

---

Although your Enneagram type explains a great deal about you, it doesn't explain everything! In this section, we'll look at the traits that are unique to you—both those traits that can be used as super-strengths, and those which may be holding you back.

Below, you'll find information on the top 3 traits you can harness as your personal superpowers, and the top 3 traits which may be stopping you from achieving what you desire. One important thing to remember is that personality traits are never all good, or all bad. Every trait has its possible benefits and potential downsides—it's all in how you use it.

## Your Top 3 Personality Superpowers

Which of your personality traits are your biggest assets? We all have our strengths and weaknesses, and many psychologists believe that the key to success is not in trying to overcome all your flaws, but rather in making the most of what you have going for you. Let's look now at some traits that you may be able to deploy to your benefit.

As you read over this section, remember that even beneficial personality traits can work against you if they are overused. For each superpower below, you'll see how it can benefit your life, as well as how it may backfire if not kept in balance.

**SK AWARENESS**

**Risk Awareness.** You can see disaster coming from a mile away, and you're rarely blindsided when something goes wrong. You know where the emergency exits are, literally and figuratively, and you are capable of great clarity and leadership in a crisis. Your mind tends to be very active, envisioning problems before they even begin. This can be a good thing when put to productive use (especially in a

career that tasks you with troubleshooting), but it can also consume a lot of your mental energy. You may be prone to mental exhaustion if you're scanning for danger 24/7, so be sure you also take some time for creativity, exploration, and just plain rest.
